PROFESSIONAL EXPERIENCE

Victory Strategy Management Inc

New York, NY, USA

Product Manager, Director's Office (Venture Capital)

Sept 2025 - Present

- Partnered across 15+ portfolio ventures to define North Star metrics and GTM roadmaps, utilising AI-driven market sentiment analysis to accelerate the 'Idea-to-MVP' lifecycle by 40% and secure high-growth market positioning for seed-stage startups
- Engineered an automated technical due diligence workflow using LLMs to evaluate 50+ incoming investment opportunities, increasing screening throughput by 5x while identifying critical technical debt with 95% accuracy

Louis Vuitton Moët Hennessy USA

New York, NY, USA

Product Manager, Director's Office (Supply Chain Technology)

Aug 2024 - Aug 2025

- Product Owner for a Predictive Analytics Platform that leveraged ML to optimize international logistics, resulting in a 30% improvement in delivery accuracy and a 25% reduction in delays across multi-brand environments
- Designed and deployed adaptive AI workflows for regulatory compliance, reducing cycle times for international shipment adjustments by 60% and ensuring business continuity during market volatility
- Amplified shipment transparency by 35% & reduced disruption response times by 20% by deploying a unified, real-time tracking solution, enabling cross-team monitoring & enhanced operational efficiency between international stakeholders

Nestaway (backed by Goldman Sachs, Tiger Global)

Bangalore, India

Product Manager, Founder's Office (Real Estate / Property Technology)

Jan 2024 - Aug 2024

- Defined and prioritized the product roadmap for a centralized Facility Management System, improving vendor efficiency by 35% and maintenance response times by 30% across 10K+ managed properties
- Led user research and GTM execution for new rental experience models integrated with inbound (SEO / Content) and outbound (Flyers / Billboards) marketing strategies, resulting in a 15% rise in CSAT scores and a 20% improvement in listing data accuracy

Groww (backed by Sequoia, Y Combinator)

Bangalore, India

Software Development Engineer - 1 (Investments Financial Technology)

Jun 2022 - Dec 2023

- Pioneered the BSE segment roadmap in collaboration with Product and Design teams, launching Futures & Options (F&O) order features that fueled \$2M+ in incremental monthly revenue and increased order volume by 38%
- Directed the end-to-end development of a Multi-Order Workflow (Basket, Iceberg, Daily Loss Limit), reducing manual error rates by 17% and increasing active user adoption of advanced trading tools by 31%
- Optimized server-side architecture to handle a 100x surge in traffic, maintaining 99.99% uptime and achieving a 50% reduction in latency for high-frequency trading sessions

Software Development Intern (Investments Financial Technology)

Dec 2021 - Jun 2022

- Spearheaded Scale & Stability projects by automating product operations & developing real-time analytics dashboards to track engagement metrics, enabling data-driven decision-making for product managers & UI/UX teams supporting 3M+ users
